

## *Key Capabilities*

The Dayton Group, Inc. (TDG) is a team of project management professionals dedicated to making a difference in everything we do. Integrity and unswerving quality are our highest values and we view our work environment as exciting and fun. We are proud of the products and services we provide and our ability to contribute to the profession through consulting, training, research, and publishing.

TDG is a provider of high quality consulting in the areas of:

- Portfolio/Program/Project Management, Project Leadership, and IT Project Management
- Strategic Planning, Program Financial Planning, and Business Case Development (OMB 300)
- Organizational Development and Organizational Change Management (OCM)
- Risk and Issue Management and Risk-Based Project Planning
- Project Audits, Performance Measurement, and Project “Rescues”
- User Requirements, Functional Requirements, and Design Specifications
- Business Process Re-engineering (BPR) and Transformation
- Software Development Life Cycle (SDLC)
- Software Quality Assurance (SQA) and Independent Verification & Validation (IV&V)
- Stakeholder Management, Communication, and Quality Management
- Logistics, product field support and supply chain management

TDG is a Project Management Institute (PMI) Registered Educational Provider (R.E.P.). Our senior instructors and facilitators are PMI certified Project Management Professionals (PMPs). TDG provides education and training courses, seminars, workshops, and forums that provide training required for PMP certification, continuing education, and recertification.

We currently provide education and training in the following areas:

- Portfolio/Program/Project Management
- Leadership in a Portfolio/Program/Project Culture
- Program and Project Business Case Preparation
- Risk Management and Risk-Based Project Planning
- IT Project Management and the Software Development Life Cycle (SDLC)
- Quality Management and Software Quality Assurance (SQA)
- Work Breakdown Structure (WBS) Development, Costing, & Scheduling including Critical Chain Method
- Performance Measurement and Earned Value Methodology

Our education and training capabilities:

- Course content custom tailored to address client real world issues and Case Study technique
- Content rooted in PMI PMBOK® ANSI and ISO standards and best practices
- eLearning – Computer Based and Web Based Training (CBT/WBT)

The mission of The Dayton Group is to help our customers mature their project management capabilities and culture in order to achieve greater project success. The Dayton Group has been evaluated by Dun and Bradstreet (D&B) under their Past Performance Evaluation review process. TDG received 100% positive comments on cost, accuracy, and personnel with no negative comments in any area. We are proud of our success and our ability to provide both the highest quality products and services, and excellent value to our diverse clientele. We look forward to serving you in the near future.
